Hazards Identification

Health Effects

Ingestion is not applicable route of entry for intended use. Oral toxicity is believed to be low.

Minimal irritation to respiratory tract may occur.

Use of this product, as intended, does not result in inhalation of excessive dusts.

ect May cause eye irritation.

ect Unlikely to cause skin irritation. Skin absorption is unlikely due to physical properties.

First Aid Measures

Measures

Dilute stomach contents with several glasses of water and seek medical treatment. No adverse effects are expected by this route of exposure incidental to proper handling.

Remove from exposure to fresh air. Seek medical treatment if effects occur.

ect Flush thoroughly with water and seek medical treatment

ect Wash with soap and water.

Media Water, Fog, Foam, CO₂ or Dry Chemical.

Fighting Procedures Use self-contained breathing apparatus and protective gear in case of burning in large quantities.

Accidental Release Measures

Release of particulate. Wear personal protective equipment. Spray lightly with water to prevent the dust, spills should be swept up or wiped up. Then residuals can be removed with soap and water. Contain the material in a place, covering up the floor and surrounding matters with suitable sheets such as paper, which are not fit to scrub floor with water. These used sheets should be wrapped up in spills and transfer into a container for disposal. Garments may be washed or dry-cleaned, after removal of loose toner.

Handling and Storage

Dust. Clean up all spills promptly. Inhalation and contact with skin or eyes should be avoided. Provide adequate ventilation. Good general ventilation should be sufficient for most conditions. Store in a cool, well ventilated place away from heat and spark-producing equipment.

Exposure Controls/Personal Protection

Exposure Limits TLV=10mg/m³ (as total dust/ACGIH)

Engineering Controls None required under normal use.

Administrative Controls None required under normal use.

Respiratory Protection Equipment(s)

Respiratory Protection None required under normal use.

Eye Protection None required under normal use.

Hand Protection None required under normal use.

Physical and Chemical Properties

Appearance Black fine powder

Odorless

Not applicable

Not applicable

Not applicable

Specific Gravity (mg Hg.) Not applicable

Relative Density (Air = 1) Not applicable

Boiling Point (H₂O=1) 1.6

Flash Point Negligible

Autoignition Temperature Not applicable

	Stable
y	None
composition Products	CO or Nox (by high heat and fire)
polymerization	Will Not Occur

Toxicological Information

	Ames Test is Negative
